My dear Mr. Dulles:

The Joint Chiefs of Staff have again authorized participation in the next resident course of the Industrial College of the Armed Forces by civilian representatives of the Federal departments and agencies. You are therefore invited to nominate a candidate for the course which is expected to open 15 August 1957 and continue until 11 June 1958.

The military students are Lieutenant Colonels and Colonels of the Army, Air Force and Marines, and Commanders and Captains from the Navy.
- d. Be the type whose absence for the ten months necessary to take the course would entail a real sacrifice by the Agency.

A personal history summary is requested for your nominee. A clearance to receive Top Secret information is required for each student prior to admission. A clearance to receive Atomic Energy Restricted Data will be required prior to 1 November 1957.
